I completely understand and so does our counsel but I do see his point about us thinking it through now so we avoid it being an issue down the road.

Thanks.

I'm happy to speak to Karla and try to find a time. This is not something we would have an issue with but is outside of CCA control and is completely dependent on if they lease the space.

Jessica,

I spoke with our counsel and he raised the question of what would happen if we did stay in the space after November 30th. Our landlord has said that our space will be ready by then but, as you know, delays happen. I do think it would make sense for all of us to talk about that contingency with Barker to make sure we are all on the same page should it come to that. Would you be able to arrange a meeting with the appropriate person? I think it will cut down on any potential going back and forth if all three parties meet.

Thanks.

Suzanne

FYI - Karla is waiting for the final blessing on the amendment we will sign - but says the 11/30 date should be no problem.
